

SKILLS

- **Languages:** C/C++, Python, JavaScript, TypeScript
- **Frontend:** React.js, Next.js, Tailwind CSS
- **Backend:** Node.js, REST APIs
- **Mobile:** React Native
- **Performance:** Code Splitting, Lazy Loading, SEO Optimization
- **Tools:** Docker, Git, GitHub

WORK EXPERIENCE

Frontend Developer <i>Gyannetra Pvt Ltd</i> – Architected Next.js frontend with SSR improving performance and SEO visibility. – Integrated REST APIs via Node.js backend enabling real-time web and mobile data flow. – Dockerized applications ensuring stable production builds.	Sep 2025 – Present <i>Hybrid</i>
Summer Trainee <i>DRDO</i> – Applied machine learning algorithms to structured research datasets. – Designed preprocessing pipelines improving model reliability. – Collaborated with research teams to refine evaluation metrics.	July 2025 – Sep 2025 <i>Jodhpur, India</i>
AI Intern – Web Development <i>Gyannetra Pvt Ltd</i> – Developed responsive React components integrated with AI backend services. – Implemented REST API layers streamlining communication. – Containerized environments reducing setup inconsistencies.	May 2025 – July 2025 <i>Hybrid</i>
MS AINSI AI Intern <i>Microsoft (AICTE Collaboration)</i> – Built end-to-end AI pipelines including preprocessing and modeling. – Applied supervised learning with structured evaluation metrics. – Improved model performance through tuning.	Apr 2025 – May 2025 <i>Remote</i>

PROJECTS

Magma Real Estate – Immersive 3D Experience – Built Next.js 16 + React 19 platform delivering 60fps GSAP animations. – Integrated Locomotive Scroll for immersive storytelling. – Optimized rendering pipeline for fast load times.	Live Demo
Gyannetra.com – AI Consultancy Platform – Engineered React + TypeScript frontend architecture for live platform. – Implemented Dockerized deployment pipeline. – Improved Core Web Vitals via rendering optimizations.	Live Demo
Portfolio Website – Next.js Architecture – Developed production-ready Next.js App Router portfolio. – Optimized performance via dynamic imports and asset management. – Integrated Jest testing ensuring reliability.	Live Demo

EDUCATION

Jodhpur Institute of Engineering and Technology <i>B.Tech in Computer Science</i>	2027 <i>Jodhpur, Rajasthan</i>
Central Academy School <i>Senior Secondary Education (75%)</i>	2023 <i>Jodhpur, Rajasthan</i>

ACHIEVEMENTS

- Championed FinTech Innovation: Secured Thematic Award (FinTech Revolution) at global IDEATHON 2025 (FIU).
- Reached Top 20% (5,000/25,000 teams) in national 'Build with India' hackathon.
- Placed Top 30 among 180+ teams at Web-A-Thon MNIT Jaipur.
